Summary

New York State Indian Territory boundaries

Description

A vector polygon GIS file of all Indian Territory boundaries in New York State. The file was originally a compilation of U.S. Geological Survey 1:100,000-scale digital vector files and NYS Department of Transportation 1:24,000-scale and 1:75,000-scale digital vector files. Boundaries were revised to 1:24,000-scale positional accuracy. Currently, boundary changes are made as needed based on authoritative sources.
