# Landmark Names and Locations

## GIS Program Office

July 27, 2017

# Agenda

- Population of the LandmarkName field
- Population of the Location field
  
- A future Webinar will be held to discuss population of UnincorporatedMunicipality, NeighborhoodCommunity and MSAGCommunityName fields

# LandmarkName

**Definition:** The name by which a prominent feature is publicly known.

NOTE: The distinction between *Landmark Name* and *Building* is not always clear. In general, if a building is identified by a name that is unique within the community, the name should be placed in *Landmark Name*. If a building is identified by a number or letter that distinguishes it from others at the same address, the identifier should be placed in *Building*.

# Examples:

- Empire State Building
- The New York Public Library
- The Alamo
- South Central High School
- Kirkwood Mall

# NYS Examples

# Additional Location Information

**Definition:** A part of a subaddress that is not a building, floor, unit, room, or seat.

# Examples:

- “West Wing” in 1600 Pennsylvania Avenue NW, West Wing
- “Wing 7” in U.S. Department of Agriculture South Building, 1400 Independence Avenue, Wing 7
- “Concourse B” in Seattle-Tacoma Airport Main Terminal, Concourse B
- “Corridor 5” in U.S. Department of Commerce Building, 1401 Constitution Avenue NW, Corridor 5
