

# Geospatial Advisory Council

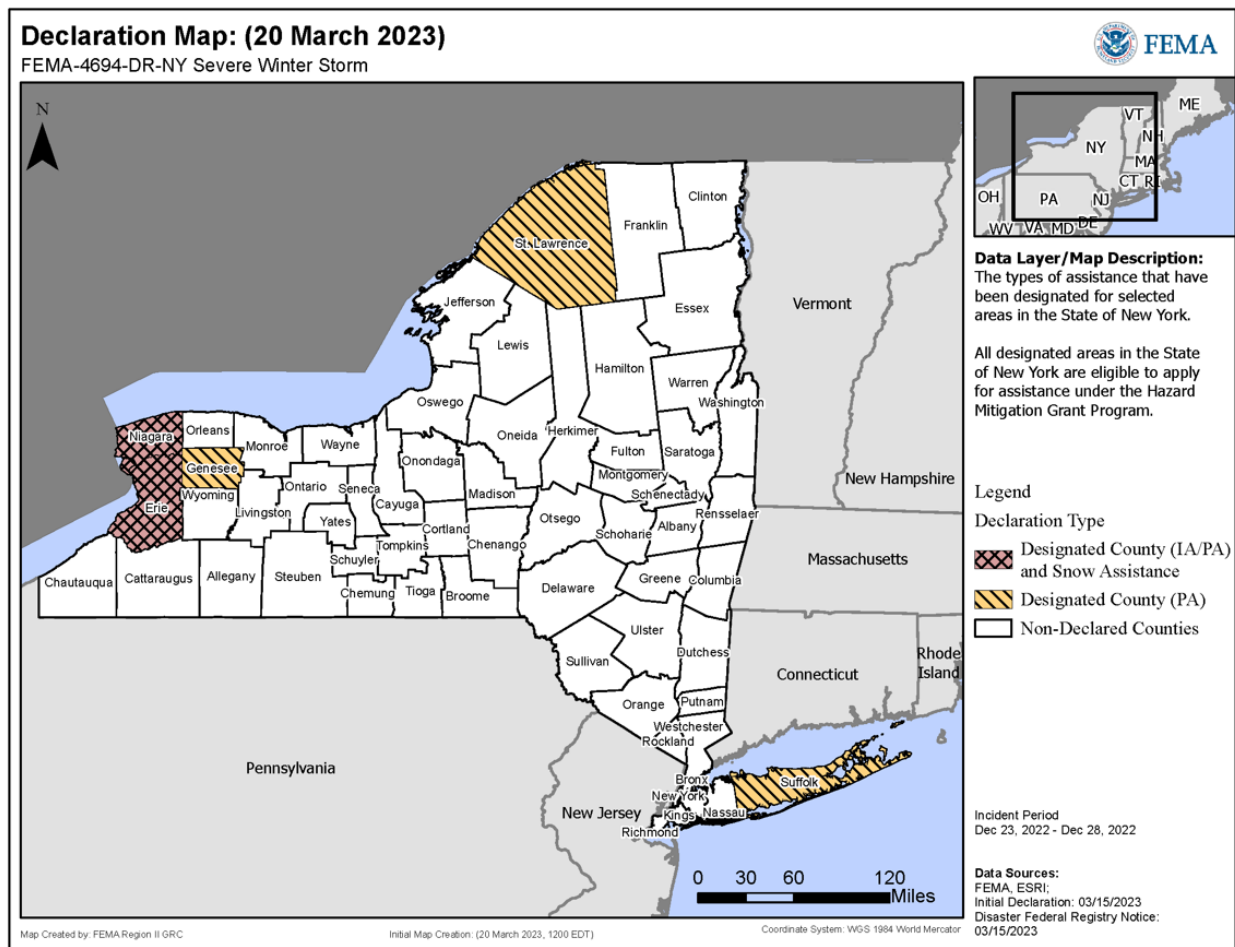

March 22, 2023

Federal Agency Report by Katie Duncan, NRCS

## FEMA:

With Julia's impending retirement, the new FEMA Region 2 Geospatial Coordinator will be Abrom Shepard ([Abrom.shepard@fema.dhs.gov](mailto:Abrom.shepard@fema.dhs.gov)).

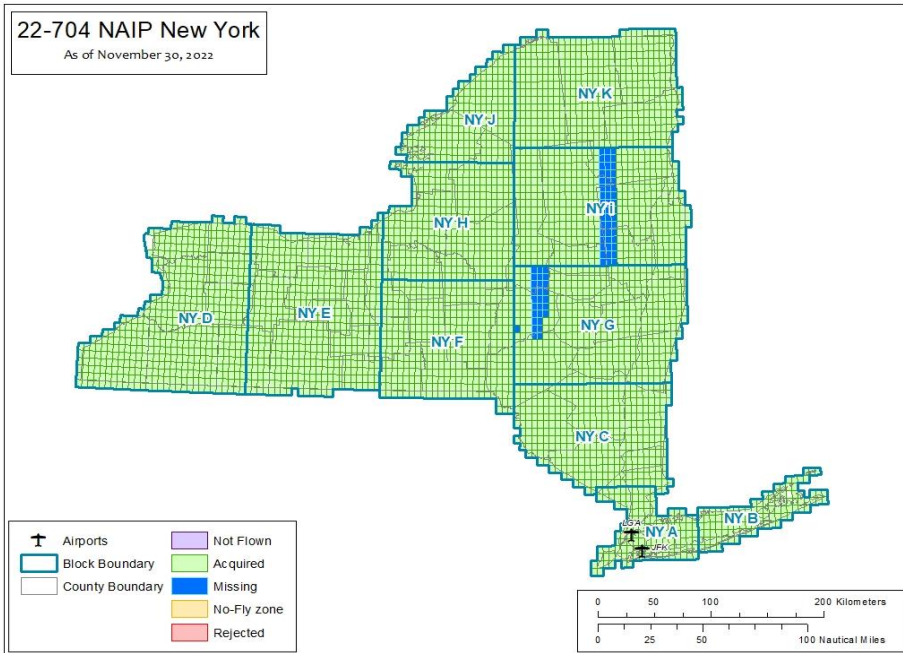

NY got a major disaster declaration (DR-4694-NY) for the severe winter storms that occurred between Dec 23-26, 2022

## US Department of Agriculture

NAIP 2022 moved from provisional to production status. The small portions of the state that were not collected in spring or fall of 2022 will be collected in the spring of 2023. Data is posted to webservice <https://services.apfo.usda.gov/arcgis/services>

County mosaics are available at <https://nrccs.app.box.com/v/naip/folder/190913371422>

## LIDAR

### NY\_Hudson\_D22

- The eastern portion was successfully collected, and the western AOI is under surveillance for opportunities to continue collection prior to the spring thaw. Green and blue areas in the map below were successfully collected.
